Sir,

Re water supply to Kellur and other Koppals in Arkalgud Municipality

I have the honor to state that the Municipal Council, Arkalgud have resolved in their meeting dated 31-7-45 to request for a Government grant of Rs.6,000/- to sink 6 wells at the marginally noted places as the water supply is insufficient to the Town

1 Kellur
2 Kotesalageri
3 Pete Kumbarageri
4 Hentegere Koppal
5 Upparageri
6 Kote Hindalakoppal

2 On a reference being made to the Assistant Sanitary Engineer, Hassan whether water can be supplied from the present Bore-wells and whether the sinking of wells is advantageous, he has replied that there is a tap within 100' from Petta Kurubarageri in addition to a well and there is a tap in Upparageri locality As regards the other four Koppals they are a bit far off from the town proper, and extension of pipe line will be very costly and also the present pumps are not able to supply water to those areas He opines sinking of wells in suitable places for these koppals will be more advantageous

3 The financial position of the Municipality is not sound so as to contribute to the present work and the closing balance as per sanctioned budget for the year is Rs.787/-

4 The summer has set in and the need for water even ~~larger houses~~ for longer hours is being urged Unless new wells are sunk to supplement the bore wells, the situation may become very acute

5 In view of the circumstances stated above, I recommend for a Govt grant of Rs.4000/- to the above works Sinking of wells is absolutely necessary to improve water supply to Arkalgud Municipality

6 The resolution of the Council is herein enclosed for reference

Re Sinking wells in Arsikere Municipality.

With reference to our letter No. I 10427 dated 22.1.1947 enquiring whether the grant for sinking wells in Arsikere Municipality is necessary under the altered general conditions, I have the honour to state that the Municipal Council was consulted in the matter. It is stated that the present pumps are not able to supply sufficient water to the town, that great difficulty is felt for water in the Kerrels where there are no wells and that it is necessary to provide wells to these parts. A grant of Rs. 4,000/- for sinking wells may kindly be sanctioned as already recommended.

A copy of the resolution of the Municipal Council in the matter is enclosed.
